NOTE

Dated.....17th.....July.....1924.

Out of 8 places in the cadre of First Grade Magistrates, 4 are occupied by Assistant Commissioners, 3 by officers of the Judicial Department and one place is vacant.

There are 9 places in the cadre of Second Grade Magistrates. But there are actually 10 officers at present, including Mr. C. Narainswamy Naidu. Of these officers, 3 are Assistant Commissioners, 3 appointed from the Bar, and the rest selected from the services. In accordance with the understanding arrived at when Mr. Puttaraj Urs was reverted to the Revenue Department, viz., that Mr. N. Sitaramiah was to continue in the Second Grade, I have proposed, in the file re: allocation of Magistrates in the new grades, that Mr. Sitaramiah may be shown in the Second Grade against the vacancy of First Grade not yet filled up. The proposal has been agreed to by the Dewan.

From the above it will be seen that there is no place in the Second Grade for the appointment of another Assistant Commissioner as Second Grade Magistrate.

1st grade	4	4	8	4	3	7
2nd grade	4	5	9	3	5 + 2 ag.	8 + 2 ag.

The places of 2nd grade master this than Mr. Luv. have been filled up to the full & neither the 2 of Mr. Luv. can be employed. One of the 2 as 2nd grade men, ~~which is not possible~~

can be continued against avacancy of the 1st grade. If the 2nd as Mr. Luv. is also continued it will have to be against one of the Mr. Luv. posts & in this view there is no possibility of taking one of Mr. Luv. as 2nd grade master.

Mr. N. Subbarayan was allowed to continue as a Special Magistrate in his district understanding that he will get his 2nd grade. Mr. B. had his case was worked at his house. The reorganization of the Civil Service. It is no advantage to continue as a Special Magistrate if he is to remain in his 2nd grade or if he is allowed to continue in his 2nd grade, he is left no promotion. He is one of the best officials I have come across. There is a great need for his services in the Secretariat.

Then might be a special man to
 be in charge of legislation. The drafting
 work cannot be efficiently managed by
 the branches. In drafting, a good deal
 of experience is needed and the officer entrusted
 with this work should, besides possessing a good
 knowledge of law, have a good command over
 the language and be well-versed how to
 express himself clearly, freely and
 with great precision. Mr N. Sukhram
 is best fitted for legislative work. He
 may be appointed as a secretary in
 the legislative dept. There are a number
 of bills to be prepared and I cannot ex-
 pect the branches to deal with
 them promptly and efficiently. I have
 been urging for the appointment of a separate officer
 for this last so many years and this is done. He is doing his best. I think
 the law dept. also requires strengthening. Mr H. S. Desai
 for the legislative dept. will also look after the law dept.

Before submitting this to the Secy, the
 following points are brought before:—

Serial
No.NOTE.

The existing rules regulating the appointment of Special Magistrates are contained in Government Order No. G. 11053-63/Cts.247-18-1 dated the 17th November 1919. These rules divide Magistrates into two grades, fix the proportion of appointments in each grade to be made from the different services and the Bar, determining the scale of pay also on the same basis, and provide for Magistrates of the lower grade being invested with 1st class powers. It is now proposed to modify these rules in certain particulars in the light of the experience gained of their working during the past 4½ years.

2. With a view to facilitate the early introduction of the scheme of separation of Judicial from Executive functions throughout the State by limiting the additional expenditure which the establishment of separate Criminal Courts involves to what can be provided for under the present financial conditions, it is proposed to reduce the scale of pay of the two grades of Magistrates as follows:-

Magistrates First Grade - Rs. 300-25-450
Magistrates Second Grade - Rs. 150-25-250

3. With this reduction of pay an alteration of the rules regarding recruitment becomes necessary. Under the recent reorganization of the Civil Service Subordinate Judges and Munsiffs are put on a par with Senior Assistant Commissioners and Assistant Commissioners respectively in the matter of their emoluments

File No. 186257 of 1924

and as the grade pay of the Magistrates of the 1st and the 2nd grade does not correspond under the present scheme to the grade pay of Sub Judges and Munsiffs respectively, the promotion of Munsiffs to the grade of Magistrates, 1st grade, is no longer possible. Similarly no interchange between Munsiffs and 2nd grade Magistrates is possible. No Magisterial appointments can therefore be reserved for the Civil Branch of the Judicial Service and the existing Magistrates drawn therefrom will have to be kept in a separate list until absorbed. This necessitates also a revision of the proportion of appointments allotted to the different services and the Bar in the Government Order referred to above. In this connection the desirability of fixing a definite proportion requires consideration. The appointments have to be made according to the exigencies of time and no hard and fast rules would be workable. I would therefore impose no limitations upon the number of appointments to be made either from the Bar or from the different services from which recruitment is now permitted, except with regard to Assistant Commissioners for whom Magisterial training is essential and should be provided for in the scheme.

4. The number of Special Magistrates for the whole State, according to the present calculation is 29 - 11 of the First Grade and 18 of the Second Grade. The 11 First Grade Magistrates include the two City Magistrates and the Special Magistrate for the Kolar

Gold Fields. These three appointments may be served for the Assistant Commissioners and be taken out of the Special Magistrates' cadre. The Magistrates for the Cities of Bangalore and Mysore and the Kolar Gold Fields may as at present be designated as City Magistrates and the Special Magistrate, K.G.F.

5. There will be 8 appointments of Special Magistrates, 1st grade, at the rate of one for each District. These Magistrates besides exercising the powers of a 1st class Magistrate will also be invested with appellate powers and will hear appeals from the decisions of second and third class Magistrates. Recruitment to this grade in future will be from the Bar and by promotion from the lower ranks of the Magistracy. Assistant Commissioners of not less than five years' standing may also be posted as Special Magistrates, 1st grade, their number however at no time exceeding two. While so employed they will get their grade pay as Assistant Commissioners.

6. There will be 18 Second Grade Magistrates distributed over the several Districts as follows:-

Bangalore	-	-	2	3
Mysore	-	-	4	
K a d u r	-	-	1	
Shimoga	-	-	2	3
K o l a r	-	-	2	3
Tumkur	-	-	3	
Chitaldrug	-	-	2	
H a s s a n	-	-	2	

Total 18

Five of these will be reserved for Junior Assistant Commissioners and the rest will be filled by recruitment from the Bar and the Police and other services.

7. The next question is the allocation of the existing Magistrates in the new grades. The three appointments of City Magistrates and Special Magistrate, K.G.F., are already held by Assistant Commissioners - two of them being acting Senior Assistant Commissioners and one who is due to be promoted to that grade in the next vacancy. The remaining four 1st grade Magistrates - viz., Messrs. K.D.K. Rama Rao, S. Krishna Rao, T. Venkoba Rao and G. Sathyaji Rao, are all Officers drafted from the Civil Branch of the Judicial Service. It is a point for consideration whether Mr. Sathyaji Rao should not go back to the Civil Judicial line and Mr. Krishnamachar to the Magisterial line to which he was originally appointed. Pending the decision of this question, the four 1st grade Magistrates mentioned above may be retained in a separate list, Mr. B. Ranga Iyengar also being borne on the same list during the employment of Mr. G. Sathyaji Rao on other duty.

8. Out of the nine second grade Magistrates, four are Assistant Commissioners - two recruited from Amildari and two from the Bar and one from the Munsiff's grade. The last has been confirmed as Second Grade Magistrate. But he is now acting as a Munsiff and may be confirmed in that appointment in one of the existing vacancies. There are thus only five officers whose place in the revised grades has to be settled. These may be continued in their present grades and shown in a separate list and be absorbed in the general cadre as vacancies occur in the ranks

of 1st grade Magistrates under the present scheme.

9. When the scheme is in full force and after the officers in the separate lists are absorbed the cadre of Special Magistrates will be as follows:-

First Grade Magistrate
(excluding City Magistrates
of Bangalore and Mysore and
Special Magistrates, K.G.F)
on Rs. 300-25-450, at one
for each District.....8 (two Assistant
Commissioners
and six others)

Second Grade Magistrates
on Rs. 150-25-250.....18 (five Assistant
Commissioners
and 13 others).

The following officers may be shown in separate list in their present grades until absorbed:-

FIRST GRADE MAGISTRATES..

1. Mr. S. Krishna Rao
2. Mr. D.K. Rama Rao
3. Mr. T. Venkoba Rao
4. Mr. G. Sathyaji Rao or Mr. B.R. Krishnamachar.
5. Mr. B. Ranga Iyengar (during the employment of Mr. G. Sathyaji Rao as acting District Judge).

SECOND GRADE MAGISTRATES.

1. Mr. M. Rama Rao
2. Mr. G. Mallikarjuniah
3. Mr. G. Krishnamurthi (until he is confirmed as a Munsiff)
4. Mr. Abdur Rahim Ganjami
5. Mr. S. Krishnamurthi
6. Mr. A. Visvanathamudaliar.

10. Magistrates of the Second Grade will ~~generally~~ generally exercise second and third class powers but in special cases 1st class powers may be conferred upon them and experienced second Grade Magistrates

too may be invested with appellate powers.

11. I may state that I am not quite in favour of the new scheme for the following reasons:-

(1) Magistrates of the 2nd grade will get rapid promotions and will reach the top at a very early stage of their official career and as the vacancies in the 1st grade will be few, there will be a stagnation in the service which will lead to ^{dishonesty} corruption.

(2) I think that Magistrates exercising appellate powers must generally be of the rank of Senior Assistant Commissioners and Sub Judges as they will have to hear appeals from the decisions of 2nd grade Magistrates some of whom under our Scheme will happen to be Assistant Commissioners.

(3) The Munsiffs will be dissatisfied as 3 appointments in the present grade of 1st grade Magistrates, corresponding to the grade of Sub Judges will be taken away.

(4) There will be no prospects whatever of promotion to the higher grade for the Magistrates of the 1st class recruited under this scheme. It is not possible to appoint them as District Judges as they will be long out of touch with the Civil line. It will not be possible to appoint them as Assistant Commissioners as that will affect the prospects of the Civil Servants. If a reconsideration of the question is possible I would retain the present scheme only.

Mr. Abdur Rahim Ganjami (Sub pro tem)
Mr. S. Krishnamurthi

Thus all the existing permanent and sub pro tem officers in the Second Grade may be absorbed in the new Second Grade, Mr. N. Seetharamaiya alone being removed to the lower grade.

24) This completes the absorption of the existing Officers, and future appointments for Second Class Courts will be to the Third Grade and for the First Class Courts will be to the First or the Second Grade. There is a permanent vacancy in the grade from 1st Aug 1923 viz Mr. C. Krishna murthi confirmed as Munsiff. 70 The names of Asst. Comm^r and Senior Asst. Comm^r doing duty as Special Magistrates are not shown in the Statement as their pay will not be affected by the order revising the scale of pay of Special Magistrates.

79) In the current year's budget, there is
a provision of Rs 35,700 for the salary
of Second grade magistrates and a provision of

The actual cost on account of the salary of

about Rs 37,000 for 2nd grade magistrates and
Rs 49,200 for 1st grade magistrates. It
is thus seen that the provision in the

Subject:—

Question of the initial pay to the First and Second Grade Magistrates in the new grade.

110 In the Government Order of 10th May 1918 two grades of Special Magistrates were sanctioned, the first grade carrying a salary of Rs. 500-50/2-600 and the Second Grade Rs. 150-200-50/3-400. The number in the First Grade was fixed at 11 and that in the Second at 19. With a view to limit the additional expenditure on account of Special Criminal Courts so as to facilitate the early introduction of the Scheme of Separation of judicial from ~~the~~ executive - functions throughout the State the scale of Special Magistrates was revised in Government Order No. P. 1974-2038 Cts. 21-22-6 dated 5th October 1923. The new scale provides for three grades of Magistrates, the First Grade on Rs. 500-50-600, the Second Grade on Rs. 250-25-450 and the Third Grade on Rs. 150-25/2-250. The number in the First Grade has been fixed at 8 and that in the Second Grade at 9. Of these, four places in each grade are reserved for Civil Servants. In consequence of this revision of the scale, the pay of the non-Civil Service Magistrates of the First and Second Grades under the new scale has to be fixed and it is proposed to do so with effect from the date of the Government Order in accordance with the following principles:—

111. (i) The services for the purposes of increment in the revised scale to be calculated in the case of Second Grade Magistrates who had reached a pay of Rs. 250 or more in the old grade before 5th October 1923 at two-thirds of the period of their service on 5th October 1923 from the date of their last increment and in the case of First Grade Magistrates at half the period.

(ii) Second Grade Magistrates whose pay was less than Rs.250 on 5th October 1923 to be allowed to draw the minimum pay of - Rs. 250 from that date. .

10 of these 4 places in the first grade

Again it is a point for consideration whether any supplementary period is necessary for carrying confirmation in the second and third grade magistracy.

Serial
No.

At present in the first grade magistracy excluding civil servants one has been recruited from the Bar and two from municipalities. In the second grade one District Civil servants, 3 have been recruited from the Bar, 2 from the Police Dept and 1 from other services. There is one extra in the grade.

Out of the 12 in the third grade magistracy 3 places have not been filled up ~~because~~ scheme has not yet been introduced in the holding of. Out of the remaining 9, 7 places have been filled up from the bar, one from Police Dept and one from other services. Besides this there are 3 third grade magistrates acting in leave vacancies; 2 have been selected from the bar and one from other services.

(32) The judges of the Chief Court are not appreciable to the interchangeability of the themselves and magistrates. But they might say that the case of magistrates will be taken into consideration when nominations for municipalities are being made.

Requests orders as to the number

23/4/25
136)

In para 118 above it was ordered that a

comprehensive order may issue about the recruitment,
pay and prospects of Special Magistrates, abrogating
the previous orders.

137) In issuing such an order, the following points
are for consideration and orders.

138) In paras 36 to 54 supra, the discussions
go to show that the principle has been accepted viz.,

Serial
No.

that it is not necessary to lay down any hard and fast rule regarding the proportion in which recruitment to the several classes of magistrates is to be made from the bar, from the judicial department and other departments.

(139) This amounts to this, that a magistrate reaching the top of his grade cannot expect to go to the next higher grade as a matter of course, but has to take his chance of selection along with others from other departments or from the bar and that in each grade of magistracy, direct recruitment from the bar can be made.

(140) It is a point for consideration as to whether there is to be direct recruitment from the bar to the 1st and 2nd grades also, seeing that most of the 3rd grade magistrates are recruited from the bar, and whether this will not cause discontentment among the lower grade magistrates.

(141) Then the question is whether the magistrates can be recruited from the Amildari and Police services, considering the fact that their prospects in their own departments have been improved by offering them chances of holding higher posts.

Serial
No.

142) Then if Munsiffs are appointed magistrates, the question is whether the Chief Court is to be asked to select a few Munsiffs for training as magistrates for a certain number of years and if they do, whether an equal number of magistrates is to be made Munsiffs.

143) The Chief Court have ^{declined} ~~declared~~ to adopt the principle of interchangeability and are prepared to consider the merits of the magistrates to become munsiffs at the time of vacancies.

144) Another point for consideration is whether magistrates of 2nd grade ^{alone} ~~alone~~ can be eligible to be munsiffs, for the reason that they are drawing grade pay equal ^{to} ~~as~~ those of Munsiffs. If it is so, it is quite certain that a III grade magistrate will have very little chances of becoming Munsiff, since by the time he reaches the 2nd grade, he will have been 8 years out of touch ^{with} ~~in the~~ Civil Law. If however a 3rd grade magistrate is also eligible for being appointed a Munsiff, the question will be whether he is to draw his grade pay as magistrate or the grade pay of a Munsiff.

145) With regard to the prospects of the magistrat law graduates recruited as magistrates, will have chance of becoming munsiffs, Sub Judges, or 1st

grade magistrates and District Judges, while those magistrates who continue only to be magistrates have no chances of promotion to any place higher than that of First Grade Magistrates.

146) It is a point for consideration whether a probationary period is not to be fixed for recruits as in the case of Munsiffs and Assistant Commissioners.

G. O. No. 2347-2388—C. B. 76-27, dated 24th September 1927.

Amalgamation of the Civil and Magisterial Cadres

Passes Orders on the — of the Judicial Department.

READ—

Correspondence ending with letter No. K. O. C. 956—26-27, dated 1st September 1927, from the Registrar of the Chief Court of Mysore, forwarding a note on the proposals for the Amalgamation of the Civil and Magisterial Cadres of the Judicial Department.

ORDER No. 2347-2388—C. B. 76-27, DATED 24TH SEPTEMBER 1927.

Twenty nine courts of Special Magistrates have been established as a result of the scheme for the separation of executive and Judicial functions introduced in the State since 1919. The officers in charge of these courts are partly drawn from the Civil Service and partly from Judicial Service but a large number, recruited from the Bar and from among other Law Graduates, form a special cadre, which is divided into three grades. This system by which men of more or less similar qualifications are allocated to two different branches of the Judicial service has led to inequalities in the rate of promotion among these officers. It has also prevented free interchange of officers between Civil, Judicial and Criminal duties according to the exigencies of the public service. It was therefore considered desirable to amalgamate the two services and the views of the Chief Court were invited on this proposal. The Judges have generally agreed that the continued maintenance of a special cadre of Magistrates is unnecessary and that the officers now belonging to that cadre might be given suitable places in the Civil Service or in the Civil Judicial Department, according to their qualifications and experience.

2. Government are therefore pleased to direct the abolition of the separate cadre of Magistrates. Officers posted to the charge of Magistrate's Courts will in future be drawn from the Judicial Department and the Civil Service (including Revenue Sub-Division Officers and Treasury Officers) in the proportion mentioned below:—

Subordinate Judges	5
Assistant Commissioners including Revenue Officers, (Non-Civil Service)	8
Munsiffs	16

There will be two grades of Munsiffs—viz.,

1st grade	Rs. 250-25-450.
2nd grade	„ 150-25/2—200-25-250.

3. Government have also taken into consideration, in this connection, the additional appointments sanctioned on the recommendation of the Laws' Delays' Committee and are pleased to fix the strength of the Judicial cadres as follows:—

Subordinate Judges	10 permanent + 2 temporary.
Munsiffs, 1st grade	28 permanent.
Do 2nd grade	12 permanent + 3 temporary.

50 N

2

No. 2347-2388—C. B. 76-27, DATED 24TH SEPTEMBER 1927.

4. After the officers now acting as Munsiffs are absorbed among Munsiffs, 1st grade, vacancies in this grade, will, as a rule, be filled up by the promotion of Officers from the 2nd grade.

5. If in the reallocation of the existing officers it is found that any Magistrates of the 2nd grade cannot be taken as Munsiffs (1st grade) they will be transferred to the cadre of Revenue Officers the scale of the latter being temporarily raised by a corresponding reduction in the number of Munsiffs, 1st grade. Similarly 3rd Grade Magistrates that are not taken as Munsiffs will be given a place among Amildars.

6. The Chief Court will be requested to send proposals regarding the allocation of officers according to the principles mentioned above.

7. The additional cost involved in these arrangements as shown in the accompanying statement, will be met from the lumpsum provision made in the budget for improvements in the Judicial Department.

Dear Sir

I am desired to state that
you consider it desirable that the
appointments of Special Second grade
magistrates should be made interchange-
able with munsiffs so as to
enable these ^{officers} to have the requisite
experience in both the magisterial
and civil branches of the Justice
Department to make them
successful District & Sessions judges

THE CHIEF JUDGE:--

The "interchangeability" of Magistrates and Munsiffs sounds well in theory; but it is not quite so simple a matter in practice. Certain conditions are essential, which do not at present obtain.

If Special Second Grade Magistrates were men of the same standard of qualifications, -- educational, legal and practical, -- as Munsiffs generally are, and if their selections were made after scrutiny and recommendation by the Chief Court in the same way as persons nominated for Munsiffs' places, it might no doubt be worth while considering the feasibility of placing these two classes of officers in one and the same cadre.

But as things stand, the Chief Court has no voice (or none worth mentioning) in the selection of Second Grade Magistrates. Judging by the particulars available, some of those now in the list are men with no particular legal qualifications, and it is far from unlikely that several others also may fail to satisfy the standard of attainments expected by the Chief Court of candidates for judicial office.

Further, the proposal, unless coupled with proper and adequate safeguards, will seriously prejudice the prospects of officers of the Munsiffs' class, inasmuch

5- 68

as these will have to compete with Second Grade Magistrates for the same limited number of appointments in the next higher class, namely, three places of Subordinate Judges. This hardship would no doubt be minimised if it was made a strict rule to confine selections of First Grade Magistrates to Munsiffs and Second Grade Magistrates only.

Above all, it does not seem profitable to consider "interchangeability" as a practical question unless the Magistracy is in all respects, (and not merely in connection with appeals and revision, the perusal of calendars and occasional inspections) placed under the effective supervision and control of the Chief Court -- to the same extent in fact as Munsiffs at present are.

MR. JUSTICE R. B. PLUMER :--

As the Chief Judge very properly points out, it is one thing for an experienced Munsiff to be made a Magistrate; with very short experience, and given average knowledge of the probabilities of human conduct and a fair amount of common sense, he will readily make a good Magistrate. It is quite another thing for a Magistrate having a fair knowledge of his work to tackle the work of Munsiff for which a great deal more than common sense and a capacity to appreciate evidence is required. I am all against the suggestion which seems to me to have nothing to recommend it and to be tainted with all the disadvantages noticed by the Chief Judge.

MR. JUSTICE B. SUBBANNA :--

I quite agree with the opinions of the Chief Judge and Mr. Justice R. B. Plumer.

CHIEF COURT OF MYSORE

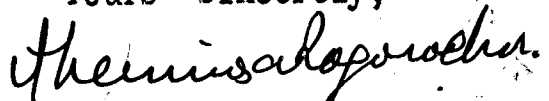

Bangalore, dated 25th July 1924.

Dear Sir,

I am desired to acknowledge the receipt of your confidential D.O. No.30/C.B. dated the 9th July 1924 regarding the proposal to make the appointments of Special Magistrates interchangeable with those of Munsiffs, and that it is not intended to give effect to the principle of interchangeability in respect of all ^{Special} Magistrates, etc.

2. In reply I am to state that the Judges have indicated in their Minutes (forwarded with my D.O. No.R.O.C.1436/23-24 dated the 27th June 1924) various conditions that are in their opinion essential if any practical effect is to be given to the principle of interchangeability. I am to observe that beyond stating that the idea is to limit the number of law graduates recruited from the Bar and to vacancies caused by the transfers of Munsiffs to the Magistracy, the present communication does not touch the other points to which importance is attached by the Judges. In the circumstances and having regard to the fact that such vacancies must always be few and to the requirements of the Mysore Civil Courts Regulation, which, as the Judges understand the same, contemplate a nomination to be made as each occasion arises, they think it will be sufficient to meet the end in view if the cases of law graduates recruited from the bar to the Special Grade Magistracy are taken into consideration at the time of nomination along with other candidates whenever such vacancies arise, and preference given to a Special Magistrate if the Chief Court feels satisfied as to his eligibility for appointment as a Munsiff.

Yours Sincerely,

dated 11th instant, received from Mr. G. Mallikarjuniah, B.A., the

Your most obedient servant,

For District Magistrate,

The question of fixing the pay of Special Magistrates
under the revised scale is being dealt with separately
& this will be placed in the file.

Mr. G. Krishnamurti was drawing a pay of Rs. 200 from
27th Dec 1919 & Mr. M. W. Subramaniam also a pay of Rs. 200
from 23rd Feb 20. Mr. Mallikarjuniah's statement that
they were drawing Rs. 150 in Dec 20 is incorrect.

/Letter No.51/24-25 dated 11th August 1924, from the Special Second Grade Magistrate, Sagar (Mr.G.Mallikarjuniah) to the District - Magistrate, Shimoga District.

@@@@@@@@@@@@@@@@

I beg to state that I was appointed Special 2nd Grade Magistrate, in December 1919, on the initial pay of Rs 200/-per mensem in the then grade of Rs 150-200-50/3-400. I have been drawing a pay of Rs 250/- per mensem since 25-12-1922.

The Government of His Highness the Maharaja in their order No.P. 1974-2038-Cts:21-22-6 dated 5-10-1923, fixed the pay of the 2nd Grade Magistrates at Rs 250-25-450. But so far Government have not been - pleased to sanction any increment to my pay under the revised scale. Mr.G.Krishna Murthi, B.A., L.L.B., Munsiff, who as Second Grade - Magistrate was drawing a pay of Rs 150/-in December 1920, and Mr.M.N. Subbanna B.A., L.L.B., Munsiff, who as acting Munsiff was drawing a pay of Rs 150 in December 1920, have been drawing a pay of Rs 275/-per mensem since 1-11-1923. Applying the principle on which their pay was fixed under the revised scale of pay of Munsiffs to my case, I believe I am entitled to a pay of Rs 275/-per mensem with effect from 1-11-1923

I request you to be so good as to move the Government to be pleased to sanction at an early date whatever increment I am entitled to under the revised scale of pay of Special Magistrates.
